

Metal Magnetic Catch Parallel Fixed Type

DC-MGCBN1

DC-MGCBN2

The Mounting Hole Is Suitable For M3 Flat Head Screws.

No.	Part Number	M Material	M Surface Treatment
1	Housing	SUS304	Buffed
2	Magnet Yoke	SPCC	Nickel Plated
3	Magnet	Ferrite	-
4	Base	Aluminum	Alumite Treatment
5	Adsorption Plate	SPCC	SUS430

The mounting holes are suitable for M3 flat head screws.
The magnet material is ferrite.

Specification Table

Part Number		Retention Force	Weight
Type	No.	(N)	(g)
DC-MGCBN	1	68.65	32
	2	98.07	63

Basic Specifications

- **Type** - Magnetic Catches Type
- **Magnet Type Category** - Square Shape
- **Mounting Method** - Surfacing
- **Main Body Surface Treatment** - Not Provided
- **Magnet Surface Treatment** - Not Provided
- **Installation Hole Dia. (d) (mm)** - 3.5
- **Width (mm)** - 17
- **Attraction Plate Material** - SUS430
- **Max. Overall Height when Locked (mm)** - 12
- **Body Material** - Stainless Steel
- **Magnet Square Mounting Surface** - A
- **Operating Environment** - Standard
- **Magnet Material** - Ferrite
- **Type** - Magnetic Button
